

Installation instructions for FM1 Fire Extinguisher Mount

It is highly recommended that you use a thread lock compound such as Loctite brand on all threads to keep them from vibrating loose.

Please read these instructions entirely before starting.

If you are missing anything please email RefinedCycle@gmail.com.

Attach the fire extinguisher bracket to the mount with the supplied small screws and nuts.

Remove the OEM bag hangers.

Insert the supplied spacers into the bag hangers.

Attach using the original threaded hole and the supplied bolts.
